4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information

Response to Line 510 - Service Quality Standards and Consumer Protection Rules

Compliance – Voice and Broadband

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Eastex Telephone Cooperative, Inc. (“Cooperative”) hereby certifies that its voice service complies with applicable service quality standards and consumer protection rules under the Texas Administrative Code, Title 16, Part II, as established by the Public Utility Commission of Texas. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff which discloses rates, terms and conditions of service to customers pursuant to Subchapter J requirements in Sections 26.201-26.230; (2) adherence to state consumer protection requirements

**Response to Line 610 - Ability to Function in Emergency Situations
for Voice and Broadband**

Eastex Telephone Cooperative, Inc. (“Cooperative”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and the Texas Administrative Code. The Cooperative’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Cooperative can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations also allows the Cooperative to manage traffic spikes throughout its network, as emergency situations require.

Specifically, the Cooperative is able to function under emergency operations in accordance with Public Utility Commission of Texas Substantive Rules §26.51 *Reliability of Operations of Telecommunications Providers* and §26.52 *Emergency Operations* which include obligations for continuity of service and emergency operations planning and service provision capability for dominant carriers. Any central office not equipped with permanently installed standby generators contains as a minimum four hours of battery reserve without voltage falling below the level required for proper operation of all equipment. In addition, all central offices without installed

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

emergency power facilities have a mobile power unit available which can be delivered and connected on short notice.

The Cooperative's standby generators and battery back-up equipment support both voice and broadband network equipment in the event of an emergency situation.

Rates, Terms and Conditions for Lifeline Service

(Response to Form 481, Line 1210)

Local exchange service rates and charges as specified below are for basic local exchange service and facilities only, including tone dialing service, mandatory Extended Area Service and mandatory Expanded Local Calling Service. The rates for other ancillary services not specifically shown below are presented in Eastex Telephone Cooperative's tariff(s) on file with the Public Utility Commission of Texas. Unless otherwise specified, the rates and charges quoted below are for periods of one month at same location, payable in advance and provide unlimited flat rate calling within the local exchange calling scope.

Residential Local Exchange Access Line Rates are provided in Line 700 included herein this ETC Annual Report. The residential local service rates listed in Line 700 do not include all mandatory taxes, fees and surcharges, including, but not limited to, state and local taxes, 9-1-1 fees and municipal franchise fees. Qualified Lifeline customers are eligible for Lifeline credits or discounts as outlined in the attached Lifeline tariff.

I. GENERAL (Continued)

F. State Lifeline Program

The State Lifeline Program ("State Lifeline") is a retail local service offering designed to make telephone service available at reduced rates to qualifying low-income customers.

1. General

a. A qualifying low-income customer subscribing to State Lifeline shall receive state reductions to their monthly tariffed residential local exchange access line rate.

b. Nothing in this section shall prohibit a customer who is otherwise eligible for State Lifeline from obtaining and using telecommunications equipment and services designed to aid such customer in utilizing qualifying telecommunications service.

c. State Lifeline rate reductions apply only to basic network service and do not apply to non-basic services, regulated or non-regulated, such as long distance service or custom calling services. Customers may subscribe to these services, where available, at their discretion. If the customer subscribes to a bundled service, where available, the discount shall only apply to the basic network service portion of the bundled service.

d. State Lifeline rate reductions do not apply to service connection charges.
